

AUTUMN/WINTER 21/22

**revere**<sup>®</sup>

FOOTWEAR RANGE

*your perfect fit,  
every time!*

## *revere's personalised fitting kit is included with all styles.*

Regardless of whether you're fitting narrow, wide or a standard width, our system easily allows you to customize the fit, for a fit that is as unique as your customer.

### ***a little roomy?***

Our aqua colored full-length fillers are a shoe-in for half-sizes. Place them underneath the orthotic insole to reduce the volume in the shoe.

**FIT TIP:** use our fillers if you have narrow feet.

### ***need more width?***

Attach the Strap Extenders to the end of any strap to add an extra 0.59" of adjustability.

### ***heal the slip?***

Prevent the back of the shoes slipping. Place the blush colored fitter underneath the insole in the forefoot to create a snugger fit in the heel.

***all components are included in the box!***

### ***our footbed or yours?***

With superior arch support, our contoured footbeds stabilize & cushion the feet, or alternatively you can replace them to fit orthotics or AFO's if required

***your perfect fit, every time!***
